CONTRACT USERS. This Contract is available to State agencies and to members of the State's Cooperative Purchasing Venture (CPV) program at the same prices, terms, and conditions.

STATE AGENCY CONTRACT USE. This Contract must be used by State agencies unless a specific exception is granted by the Acquisition Management Specialist listed above.

AGENCY ORDERING INSTRUCTIONS. Orders are to be placed directly with the Contract Vendor. State agencies should use a Contract release order (CRO) or a blanket purchase order (BPC). The person ordering should include his or her name and phone number. Orders may be submitted via fax.

Any units furnished to Cooperative Purchasing Venture (CPV) members under this provision will be ordered by the CPV members issuing their regular authorized purchase orders, including their CPV permit number. Invoices shall be rendered to the CPV member for units ordered by that member.

SPECIAL TERMS AND CONDITIONS

SCOPE. The scope of this Contract is to provide skid steer tractors and attachments to State agencies and CPV members.

DELIVERY. All orders are to be shipped FOB Destination, freight prepaid and added to the invoice as a separate entry, per the cost per loaded mile from the Contract Vendor's delivery starting point. The ordering agency may use the Contract Vendor delivery, pick up the equipment, or contract for delivery with anyone it chooses.

PRICES. Pricing information is available on the Mn/DOT web page www.dot.state.mn.us/equipment, click on "New Equipment Contracts." Contact Steve Burgstahler, Mn/DOT, at 651-366-5706, for questions on Mn/DOT web page information. Contact the Contract Vendor for pricing information.

Prices are firm for the term of the Contract.

Contract Release: T-631

NOTE: At no time should the ordering entity pay more than the Contract price. Agencies must contact the AMS immediately and fill out a Vendor Performance Report if there is a discrepancy between the price on the invoice and the Contract price.

No price adjustments, decreases or increases, will be effective until approved by the Acquisition Management Specialist and set forth in a fully executed amendment to the Contract.

SALES TAX. Prices offered do not include State Sales Tax. The Contract Vendor will confirm tax payment with the purchaser at the time an order is placed.

SHIPPING REQUIREMENTS. All deliveries are to be FOB Destination. Mileage distance will be the distance from the delivery starting point to the purchaser's delivery point only. Mileage distances will be determined from Maps.Yahoo.Com. The ordering agency may use the Contract Vendor delivery, may pick up the equipment, or may contract for delivery with anyone it chooses.

DELIVERY REQUIREMENTS. The Contract Vendor must notify the receiving agency at least 72 hours before delivery to allow for inspection and compliance. No delivery can be made on State holidays, Saturday or Sunday or after 4:00 p.m. on weekdays without prior approval by the agency to which the equipment is being delivered. The Contract Vendor must confirm delivery locations and requirements with the purchaser.

BILLING REQUIREMENTS. The Contract Vendor must submit separate detailed invoices (one original and two copies) for each purchase order to the "bill-to" address as shown on the purchase order.

If requested, the Contract Vendor must submit one copy of the original purchase order issued from the State agency or CPV member and one copy of the final invoice for each transaction against the Contract to the AMS. The invoice must be itemized per the detail in the Manufacturer's Vendor Price Schedule that is submitted with the RFP. The final invoice is generated only after the equipment has been delivered, inspected, approved and accepted.

EQUIPMENT LITERATURE. Upon request by a State agency or CPV member, the Contract Vendor shall provide literature at no cost for the equipment offered.

EQUIPMENT WARRANTY. The Contract Vendor shall furnish a standard manufacturer's warranty. The Contract Vendor shall be responsible for the cost of any inspections, adjustments, parts, labor, travel, pickup and/or delivery charges that are a result of equipment failure(s) during the warranty period. This shall be performed immediately without any delay. This warranty shall commence when the unit is put into service. The Contract Vendor shall also state the warranty for all items offered on the Price Schedule.

EQUIPMENT TRAINING. The cost of the equipment must include training to the purchaser that includes, but is not limited to, equipment operating instructions, mounting, removal, operation and safety instructions. The Contract Vendor should provide the training before the purchase of equipment will be considered complete. No additional training fees may be charged to the purchaser.

TRADE-IN EQUIPMENT. If requested by the purchaser, the Contract Vendor will allow equipment to be used as trade-in against new equipment purchases. This will be allowed on a case by case basis, and the purchaser has the right to refuse any offer made by the Contract Vendor.

In all cases, State agencies must obtain approval from the Department of Administration and must follow the requirements for liquidation of surplus goods.

CPV members are solely responsible for compliance with their local government's requirements for liquidation of surplus goods.

Trade-in will occur when the new equipment is complete, delivered and accepted unless otherwise agreed by the Contract Vendor and the purchaser. The time of the transfer of the equipment will be mutually arranged between the purchaser and the Contract Vendor. The purchaser assumes all costs associated with the transfer of the trade-in equipment unless otherwise agreed by the Contract Vendor and the purchaser. Title of the trade-in equipment shall be provided to the Contract Vendor by the purchaser in accordance with Minn. Stat. § 168A.11. All equipment will be traded "as is, where is," with no guarantee expressed or implied.

Contract Release: T-631

EQUIPMENT RENTAL PROGRAM. The Contract Vendor may offer rental. The Contract Vendor agrees to accept a State agency or CPV member purchase order and will not require the State agency or CPV member to sign a rental agreement.
